Doug McMillon

President and Chief Executive Officer

Walmart

Doug McMillon is president and CEO of Walmart Inc.

Under Doug’s leadership, Walmart is making life easier for busy families and building trust with customers. It is investing heavily in associate wages, benefits and education — including a debt-free college program and an expanded parental leave policy. And it launched an ambitious program, Project Gigaton, to combat climate change and work with suppliers to avoid 1 billion metric tons of emissions worldwide.

Doug is a longtime champion of Walmart’s customers, its associates and the company’s culture. He was named president and CEO in 2014. From 2009 to 2014 he was president and CEO of Walmart International, and from 2005 to 2009 he served as president and CEO of Sam’s Club. He has worked at Walmart for more than 30 years, starting as a teenager unloading trucks for an hourly wage. He went on to serve in senior leadership roles in all of Walmart’s business segments. He remains a merchant at heart.

Originally from Jonesboro, Arkansas, Doug graduated from the University of Arkansas with a bachelor’s degree in business administration, and a master’s degree in business administration from the University of Tulsa.
