Associate Members

EEl is the association that represents all U.S. investor-owned electric companies. Our members provide electricity for 220 million Americans, operate in all 50 states and the District of Columbia, and directly and indirectly employ more than one million workers. Safe, reliable, affordable, and clean energy powers the economy and enhances the lives of all Americans. Organized in 1933, EEl provides public policy leadership, strategic business intelligence, and essential meetings and forums.
