

## 6.2 ASSOCIATION MEMBERS

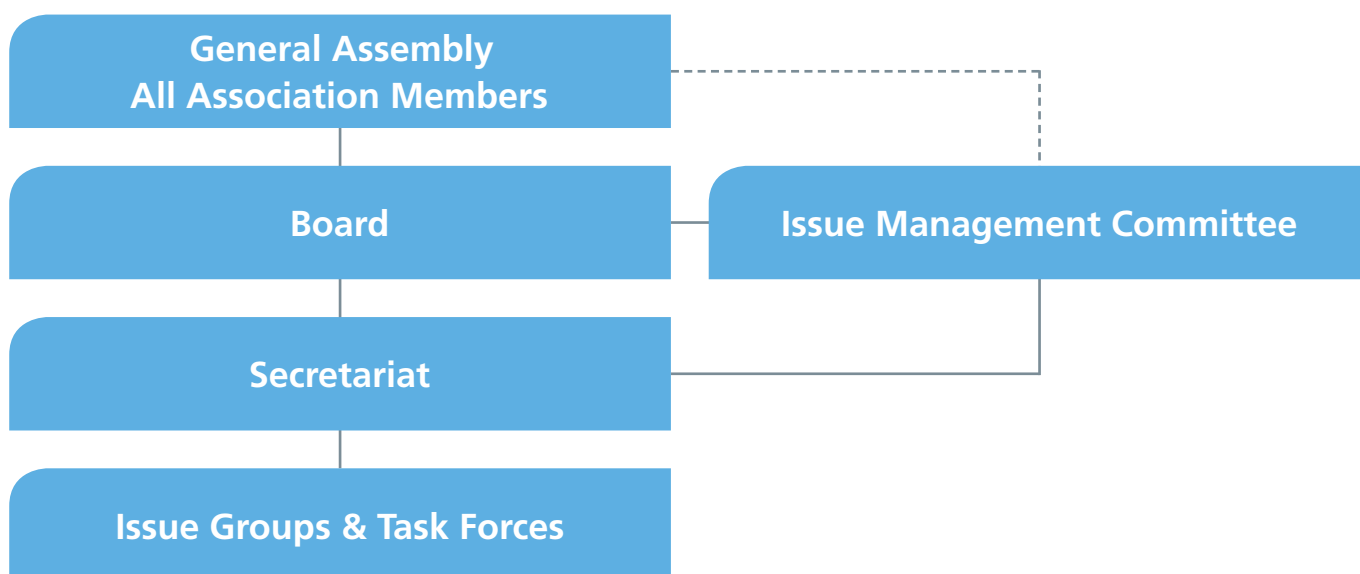

Association members range from multi-national oil and gas Companies that operate in exploration and production, refining and chemicals, to European regional or National Companies operating one or more refineries. Many members have distribution, marketing and alternative fuels interests.

Associate membership is also open to Companies located in Countries within the Council of Europe.

## 6.3 ORGANISATION

### 6.3.1 Governance and management structure

The General Assembly comprises all Members of the Association and meets annually. It has powers to approve association budget and members fees; to approve the annual plan of activities; and to appoint or dismiss key officers of the association.

Fifteen members are elected to sit on the association Board of Directors. The Board chaired by the President meets four times a year and is responsible for the management of the association within the guidance from the General Assembly.
