Please enter the details of those trade associations that are likely to take a position on climate change legislation

Trade association	Is your position on climate change consistent with theirs?	Please explain the trade association's position	How have you, or are you attempting to, influence the position?
American Petroleum Institute	Mixed	In favour of industry developed standards to reduce emission reductions. Less in favour of federal climate regulations and legislation in the US.	Statoil is a relatively small operating company in the US and has only limited influence on API's positions on climate change. However, we inform API when we disagree on positions they are taking.
International Emission Trading Association	Consistent	Promoting market-based climate change legislations around the world.	Actively participating in working groups on different topics. Provide direct input to positions papers.
Center for Environment Policy Studies (CEPS)	Consistent	Discussing international climate negotiations and market based climate legislations around the world.	Actively participating in working groups on different topics. Provide direct input to positions papers.
IPIECA	Unknown	Not advocating on climate change legislation.	Not applicable as IPIECA does not do policy advocacy.
International Association of Oil and Gas Producers, IOGP	Mixed	To represent and advocate industry views by developing effective proposals based on professionally established technical arguments in a societal context.	Has a different view than IOGP on EU climate and energy policy and is providing input to position papers to adjust IOGP's position.
