

# **NAM Board of Directors**

The men and women of the NAM's Board of Directors are committed to advancing the values that make manufacturing strong and America exceptional: free enterprise, competitiveness, individual liberty and equal opportunity.

## **The 2019 National Association of Manufacturers Board of Directors**

With more than 200 of the nation's top manufacturing executives, representing small and large companies across all industrial sectors and approximately 80 percent of Fortune 100 manufacturers, the board guides the NAM's strategy for promoting, perpetuating and preserving these values and manufacturing in America.
