

Policy and Advocacy

To provide a relentless and powerful voice on behalf of members to various energy industry stakeholders – be it in the regulatory, policy or political arena. Advocacy is underpinned by strong and highly qualitative research and data.

Information

To inform, educate and build the skills and knowledge base of our members and other energy industry stakeholders by offering a series of targeted energy-based forums.

Networking

To provide a forum for members and other energy industry stakeholders to pursue a better understanding of their issues.

OUR PEOPLE
